

2010 WINTER SPORTS TREK

Our annual Ski / Snowboard Trek is coming up quick on Saturday March 6 at Snow Valley in Running Springs. With all the snow they've received lately, it should be the most epic snow conditions we've seen in a LONG while. This trek is unique because it is open, not only to scouts, but also to family members and friends.

If you don't already have the handout showing the packages available and prices, the information can be found at the following link...

http://www.snow-valley.com/rates/group_rates.html#gl

When signing up your scout, please take into consideration that he may want to be in the same class as his buddy. Try to coordinate that BEFORE signing you scout up for the trip. It is very difficult, if not impossible to change classes on the day of the event.

I will be at Tuesday's meeting with a sign-up sheet for those interested. Please remember to bring your check book. Also, make sure you have a current [Annual BSA Health and Medical Record](#) on file with the troop. This can be found on the troop website under "Permits". You must fill out parts A and C for this trek. Also bring a signed Troop Permission Slip (download from the troop website).

We are going to need drivers for this trek. Please let me know if you are available to drive, and how many scouts you can take. All cars going MUST have snow chains. If you haven't used them before, there will be those going who can help you.

Skip Gillett has offered to teach the Ski / Snowboard Merit Badge class to anyone interested. Either contact me at michaelgreer@att.net if you are interested.

If you have any questions, feel free to email me, or see me at Tuesday's meeting.

Mike Greer
